I know that as a consumer of M S products my ideas and thoughts are of no concern to you as shown in the ass kissing you made to M S. But I will feel better for writing on the subject.

- 1: I can not see were any thing was done to stop the company from doing as it has in the past.
- 2: Nothing was done to address damage done to consumers in the past.
- 3: How does this help me now?
